Collect Member Information

- Those in attendance recorded how they want to be contacted

Set Meeting Schedule

- It was agreed that we would hold our meetings on Thursdays- Christina will send Steve the Thursdays she cannot meet so he can schedule around those.
- Aiming for 3 or 4 meetings this year

Rules of Order and Procedure

- Reviewed the document information

Elect a Chair and Vice Chair

Unanimous vote was taken by the council to elect

- Christina Herron Chair
- Sarah Green Vice Chair
- Discussion was had about adding a 6th member to our council - those in attendance will give names to Steve

Review current LAND Trust Plan, implementation of last year's plan, and the Teacher and Student Success Plan (TSSA)

- Steve reviewed the current plans and explained the breakdown and cost for each part of the plans.
- Questions about reallocating SpEd funds, teacher devices were discussed

Review Student Data

- Reviewed Acadience Reading and Math
- Reviewed 2024-2025 RISE results

Safety Updates

- Steve gave updates about construction that is happening across the street from the school. (5 lanes, traffic lights, entrances into and out of the new development)
- Riverside doesn't have a second exit/entrance from the parking lot but it is under development with the city (Washington and St. George),
- Discussions about bussing kids to alleviate congestion in the parking lots
- We will talk more safety in our next meeting

Nov. 12, 2025

Riverside Elementary School Community Council Meeting

Members Present: Jamie Bybee, Sarah Green, Christina Herron, Karen Wilding, Brittany Frank, and Steve Leavenworth (Mrs. Mogle and Bates were excused)

Agenda Items:

- **School Update-Priorities**

The following items were discussed:

1. **Parking Lot**
2. **Playground-construction is almost completed**
3. **Fencing-new fencing will be installed at some point (Michael Lee)**
4. **Carpet...no carpet in the hallways this year**

- **Road Construction and SNAP plan**

We discussed the proposed construction south of the school and the proposal to add parking to our school. We discussed how that will impact the play space and track for the students. We also discussed the positives of adding more parking...students further from the road and more stalls for cars.

- **Technology Safety**

We discussed district measures to ensure safety...filters, ASE, LearnPlatform, etc. It was brought up that students are on devices for a lot of time and it seems to be a crutch rather than a need. We discussed some of the types of softwares being used and for what purpose. Mr. Leavenworth will discuss this with the staff about intentional use of software and to find a better balance of its usage. Free time on devices, usage of videos (brain breaks), and how students can let teachers know that others are misusing technology were also discussed.

- **Data Review**

3rd Grade	ELA	Math	Science
Riverside	51	50	
District	48	50	
State	45	48	

4th Grade			
Riverside	52	58	55
District	47	49	51
State	45	49	50
5th Grade			
Riverside	63	55	73
District	45	46	52
State	43	44	50

We discussed the most recent results of our RISE testing and goals moving forward. The meeting was adjourned until Feb. 12th.

Next meeting will be:

Feb. 12

Feb. 20, 2025
